CCQM Certified ISO 28000 Foundation

Become acquainted with the best practices of Supply Chain Security Management Systems (SCSMS) based on ISO 28000

Why should you attend?

ISO 28000 Foundation training enables you to learn the basic elements to implement and manage a Supply Chain Security Management System (SCSMS) as specified in ISO 28000. During this training course, you will be able to understand the different modules of a SCSMS, including SCSMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the "CCQM Certified ISO 28000 Foundation" credential. A CCQM Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend?

- Individuals involved in Supply Chain Security Management
- Individuals seeking to gain knowledge about the main processes of Supply Chain Security Management Systems (SCSMS)
- Individuals interested to pursue a career in Supply Chain Security Management

Learning objectives

- Understand the elements of a Supply Chain Security Management System (SCSMS) and its principal processes
- Acknowledge the correlation between ISO 28000 and other standards and regulatory frameworks
- Understand the approaches, methods and techniques used for the implementation and management of a SCSMS

Course agenda   DURATION: 2 DAYS

- Day 1: Introduction to Supply Chain Security Management System (SCSMS) concepts as required by ISO 28000
- Day 2: Supply Chain Security Management System requirements and Certification Exam

Prerequisites

- None

Examination   DURATION: 1 HOUR

The "CCQM Certified ISO 28000 Foundation" exam fully meets the requirements of the CCQM Examination and Certification Programme (ECP). The exam covers the following competency domains:

- Domain 1: Fundamental principles and concepts of a Supply Chain Security Management System (SCSMS)
- Domain 2: Supply Chain Security Management System (SCSMS)

For more information about exam details, please visit Examination Rules and Policies.
