CCQM Certified ISO 9001 Foundation

Become acquainted with the best practices of Quality Management Systems based on ISO 9001

Why should you attend?

ISO 9001 Foundation training enables you to learn the basic elements to implement and manage a Quality Management System (QMS) as specified in ISO 9001. During this training course, you will be able to understand the different modules of a QMS, including QMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a "CCQM Certified ISO 9001 Foundation" credential. A CCQM Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend?

➤ Individuals involved in Quality Management
➤ Individuals seeking to gain knowledge about the main processes of Quality Management Systems (QMS)
➤ Individuals interested to pursue a career in Quality Management

Learning objectives

➤ Understand the elements and operations of a Quality Management System and its principal processes
➤ Acknowledge the correlation between ISO 9001 and other standards and regulatory frameworks
➤ Understand the approaches, methods and techniques used for the implementation and management of a QMS

Course agenda   DURATION: 2 DAYS

➤ Day 1: Introduction to Quality Management System (QMS) concepts as required by ISO 9001
➤ Day 2: Quality Management System requirements and Certification Exam

Prerequisites

➤ None

Examination   DURATION: 1 HOUR

The "CCQM Certified ISO 9001 Foundation" exam fully meets the requirements of the CCQM Examination and Certification Programme (ECP). The exam covers the following competency domains:
